

Tribhuja — Site QA Checklist

Catalogue-essence audit. Walk through the live site with this checklist in hand. Tick each box only if the site passes that check. Any unticked box = a fix needed before launch.

Part 1 · Section-by-section content audit

Section 01 · Hero — Video

Line to use: "Where the light. Where the air. Where the quiet. Nine towers, where all three meet."

Source: ■ CATALOGUE p.17 — original reads 'After the light...' Change to 'Where' per Shivanshi's feedback

- Line from catalogue is present on site, verbatim
- Location stamp shows 'Kollur · Hyderabad · ORR Exit 2'
- Video autoplays muted with poster frame fallback
- No banned words (luxury / premium / world-class / state-of-the-art / exclusive)
- No exclamation marks

Section 02 · Location — Kollur

Line to use: "The neighbourhood was ready before the towers rose."

Source: CATALOGUE p.64 — distances (RGIA 18 min, ORR Exit 2 2 min, Financial District 24 min, Cycling 2 min) are verbatim

- Line from catalogue is present on site, verbatim
- Map is dark mode, annotated, not an interactive Google Maps embed
- No banned words (luxury / premium / world-class / state-of-the-art / exclusive)
- No exclamation marks

Section 03 · The Master Plan

Line to use: "9.16 acres · 76% open ground."

Source: CATALOGUE p.17 — stat appears as 'Kollur, Hyderabad · 9.16 acres · 76% open ground'

- Line from catalogue is present on site, verbatim
- Headline stats appear alongside the illustration, not in a separate section
- No banned words (luxury / premium / world-class / state-of-the-art / exclusive)
- No exclamation marks

Section 04 · The Clubhouse — 100,000 sq ft

Line to use: "Every hour of Tribhuja's life passes through here."

Source: CATALOGUE p.21 — full verse about bride/grandfather/ten-year-old/Tuesday afternoon

- Line from catalogue is present on site, verbatim
- Each tile captions a moment, not a feature (e.g. 'The evening begins when you do' from p.24 — NOT 'Banquet hall')
- No banned words (luxury / premium / world-class / state-of-the-art / exclusive)
- No exclamation marks

Section 05 · The Grounds

Line to use: "In the water, the towers disappear."

Source: CATALOGUE p.38 — exact line. Ten acres / 76% open from p.37

- Line from catalogue is present on site, verbatim
- Zone names (Link Parks, Leaside, Terra, Aqua, Tranquil) from CATALOGUE p.57 — 5 zones not 6, no 'Beyond'
- No banned words (luxury / premium / world-class / state-of-the-art / exclusive)
- No exclamation marks

Section 06 · The Homes — Unit Configurations

Line to use: "A plan drawn around a family, not a floor plate."

Source: CATALOGUE p.55 — four configs described verbatim on p.56 (3BHK, 3BHK+study, 4BHK, corner)

- Line from catalogue is present on site, verbatim
- No floor plan drawings shown on the public site (catalogue has them on p.58–63 but we keep private)
- No banned words (luxury / premium / world-class / state-of-the-art / exclusive)
- No exclamation marks

Section 07 · Home Interiors

Line to use: "A room that fills with the first light of the day."

Source: CATALOGUE p.54 — 'The Living Room' line. Bedroom line from p.53

- Line from catalogue is present on site, verbatim
- Renders are consistent in lighting, style, and mood — feels like one photographer
- No banned words (luxury / premium / world-class / state-of-the-art / exclusive)
- No exclamation marks

Section 08 · Specifications

Line to use: "Built on what holds."

Source: ■ NOT IN CATALOGUE — I wrote this line. Full specs list on CATALOGUE pp.65–68. If you want only catalogue lines, use a line from p.51: 'The difference is in the ceiling above you, and the air between.'

- Line from catalogue is present on site, verbatim
- 3-column summary only, full spec gated behind PDF download
- No banned words (luxury / premium / world-class / state-of-the-art / exclusive)
- No exclamation marks

Section 09 · The Team Behind It

Line to use: "The hands behind the form."

Source: ■ NOT IN CATALOGUE — I wrote this line. Consultants list is on CATALOGUE p.69. Catalogue closes with 'Tatva built the reputation. Tantra confirmed the method. Tribhuja is what you live in.' — could use that instead

- Line from catalogue is present on site, verbatim
- Logo grid reads as credibility, not decoration
- No banned words (luxury / premium / world-class / state-of-the-art / exclusive)
- No exclamation marks

Section 10 · Enquiry

Line to use: "Some homes are chosen. Others are kept for."

Source: ■ NOT IN CATALOGUE — I wrote this line. Catalogue has no explicit enquiry section. Consider lifting from p.20 'Sound inside Tribhuja is water. And beyond it, the full life begins.' as a closing instead

- Line from catalogue is present on site, verbatim
- No inline form, no chat widget, no floating contact button
- No banned words (luxury / premium / world-class / state-of-the-art / exclusive)
- No exclamation marks

Part 2 · Voice audit — read the whole site out loud

Scroll from top to bottom and read every line out loud. These five questions determine whether the site carries the catalogue's voice. Every answer must be yes.

- Does it feel like the same author wrote both the site and the catalogue? If the catalogue sounds like a novel and the site sounds like a brochure, the voice has drifted.
- Does every section open with a short poetic line before any facts? Pattern: short poetic observation → one grounding fact.
- Are numbers always paired with meaning? Not just '120m tall' — instead 'Eight hundred feet of vertical life.' Not just '10'6" ceilings' — instead 'Ten and a half feet above every floor.'
- Are amenities described as moments, not features? 'The evening begins when you do' rather than 'State-of-the-art banquet hall.' 'A ten-year-old's first swim' rather than 'Temperature-controlled pool.'
- Is there no marketing-speak anywhere? Search for: 'Book now', 'Don't miss', 'Limited units', 'Call today', 'Hurry', 'Exclusive offer'. If any of these appear, the register has broken.

Part 3 · Visual audit — does it look like the catalogue?

Element	Catalogue reference	Pass?
Background colour	Charcoal black #0E0E0F (warm, not pure black)	■
Primary accent colour	Copper #B87333 (not gold, not bronze, not yellow)	■
Secondary accent	Copper-soft #C88B5C for italic pull quotes	■
Body text colour	Cream #EDE6DA (not pure white, feels like aged paper)	■
Display typeface	Cormorant Garamond italic for all poetic copy	■
Small-caps typeface	Cormorant SC for section labels and micro-headers	■
Sans-serif	Used only for meta-data, labels, navigation, CTAs	■
Triangular emblem	Appears in hero / nav / favicon — copper on charcoal	■
Whitespace	Generous — some sections have only 3 lines of copy	■
Images	Consistent mood, cinematic, never stocky or generic	■

Part 4 · Technical audit

- Site loads in under 3 seconds on 4G mobile
- Hero video autoplays muted, has playsinline attribute, has poster frame
- Hero video file is under 4MB
- All images served as WebP with JPG fallback
- Images below the fold have loading="lazy"
- Lighthouse mobile score above 80
- Every section readable at 375px viewport width
- All tap targets minimum 44×44 pixels
- Nav collapses to hamburger below 768px width
- Page title under 60 characters, meta description 140–155 characters
- Open Graph + Twitter card tags present (check with opengraph.xyz)
- Schema.org ApartmentComplex JSON-LD present in page source
- RERA number P01100010651 visible in footer

- Favicon loads correctly (the copper triangle emblem)
- robots.txt and sitemap.xml accessible at root
- CTA button links correctly (to enquiry page or CRM endpoint)
- No console errors in browser dev tools
- Works in Chrome, Safari, Firefox, Edge

Part 5 · Client-pending items (cannot launch without)

- RERA-filed acreage confirmed (9.14 or 9.16) — replace all TODO flags in code
- SK-A sign-off on 5 grounds zone descriptions — replace 'placeholder' comments
- 8 priority keywords confirmed — lock into metadata
- Production domain configured (not .vercel.app URL)
- Telephone number live in footer and CTA
- OG card image designed (1200×630px) and wired to og:image meta tag
- Favicon vector delivered
- CRM endpoint wired to Enquiry CTA

How to use: run this checklist once before every major build review with Zuari. Any unchecked box is a gap to close before launch. Aim for 100% completion on Parts 1–4 before shipping, and Part 5 clears with Zuari's inputs.
